## EXPERIENCE

### Society of Petroleum Engineers, Volunteer

APR 2016 - PRESENT

- Vice President for one year in the local Student Chapter where I topped up my leadership skills;
- Membership Chairperson for one year. In this time I developed my communication skills and became more persuasive;
- Leading a team of 12 members to organize technical and professional events refined my attention management;
- Enriched my knowledge by attending conferences, workshops and field trips;
- Keep track of deadlines and board member's responsibilities;
- Improved my communication skills by being an active member of the Public Speaking Club;
- Published an article about Romania's Petroleum Industry The Way Ahead Magazine: <https://www.spe.org/en/twa/twa-article-detail/?art=5319>.

### Tenaris, Technical-Sales Intern

JUN 2018 - OCT 2018

- Advanced my technical knowledge by studying the newest technologies available in the company;
- Polished my Business Presentation Skills by presenting and promoting the outcome of the field performances in front of the office;
- Applied critical thinking and data analysis in practical engineering situations.

### Petroleum-Gas University of Ploiesti, Representative Student

OCT 2015 - PRESENT

- Secretary of Budget-Finances and Administrative Activities Committee in University's Senate;
- The student's representative in the Management Board;
- **Supported the student's** vision and encouraged them to share their opinions;
- Reformed the legislative framework of the student's statutes;
- Increased the professors involvement in extracurricular activities,
